**MICHAEL FRIEDHOFER
PRIMARY EXAMINER**

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a flexible key for use in a keypad including a top section having a first cross sectional area; a mat; and a base section connected to the top section and the mat, such that the cross sectional area of the base section is smaller than the first cross sectional area and is uniform between the top section and the mat. The prior art also does not teach or suggest a keypad in which the keys each have a top section of a first perimeter and a base portion having a second perimeter smaller than the first perimeter, such that a bezel mountable over the keypad has openings through which the top section passes and is located on the top surface of the bezel and overlaps part of the bezel. The prior art does not teach or suggest a switch including one or more keys mounted on a mat, each of the keys having a top section, a bottom section, and an undercut region formed between the top section, the bottom section, and the mat.

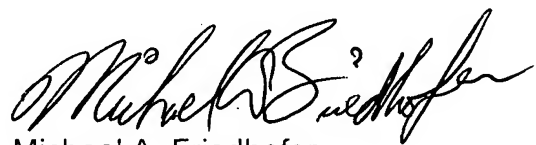

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael A. Friedhofer whose telephone number is 571-272-1992. The examiner can normally be reached on Mon-Fri 6:00 - 2:30.
